

Hydro Mizer

Waterbrooms

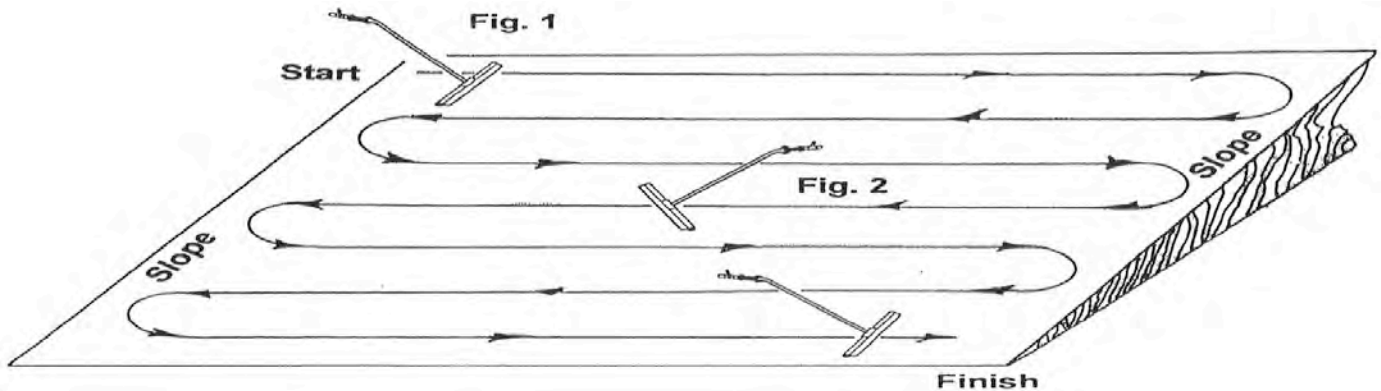

Models: WB-32 (32") & WB-42 (42")

How to Assemble:

1. Remove black thread protection cap from end of handle.
CAUTION: DO NOT REMOVE TEFLON TAPE FROM HANDLE THREADS.
2. Attach handle to jet manifold.
3. Carefully thread handle to jet manifold until handle stops in the proper operating position.

How to Operate:

1. Attach a water hose to the Hydro-Mizer Waterbroom.
2. Turn on the water.
3. Start using the Hydro-Mizer Waterbroom at the highest point of surface or slope moving toward the drain area (Fig. 1).
4. Follow the pattern shown below for the most efficient cleaning method and for water conservation (Fig. 2).

FOR BEST RESULTS, BE SURE TO KEEP REAR WING PARALLEL TO CLEANING SURFACE.
